GRIPLINE®

Berdal produces Gripline buckets, tubs and rectangular tubs for intensive use. All products are manufactured in Europe and developed for use in construction.

The Original and Durable series are made from 100% recycled and certified plastic, recovered from household waste. This allows Gripline to combine reliability in use with a reduced environmental impact, without compromising on quality.

Within the Gripline range, several series can be distinguished, each with its own application:

- Original & Durable – products made from 100% recycled plastic
- Gripline-C – heavy-duty, certified products for intensive use, with a 5-year warranty
- Gripline-F – flexible and versatile Flextubs
- Gripline-X – reinforced specials for specific applications

TECHNICAL DATA:

Content water:	42 L	Color	Gold/Brown
Weight:	1160 Gram	Material	LDPE
Dimensional tolerance:	± 5 %	Diameter Top (A)	44 cm
Volume/weight tolerance:	± 5 %	Height (B)	38 cm
Itemcode	KUI50420-9001	Diameter Bottom (C)	35 cm
EAN	8713331024684	Pallet quantity	400
